

Project Management & Engineering Practice (GENG5505)

Practical class, WK5

25th – 28th March 2024

Assoc/Prof Cosimo Faiello

Preparation for group and class discussion: Please review the two case studies at the end of Ch8 (pp. 300 - 302) and Ch9 (pp. 331 - 332) of the textbook before you come to class and reflect on/answer the associated questions, and be ready for group and class discussion in the practical class. Please, also refer to practical class schedule in the unit outline pp. 18 – 20.

Thank you and enjoy the learning.
Cosimo
